

2024 China Guangdong International Medical Manufacturing And Design Innovation Exhibition

Time: May 31 to June 2, 2024

Address: Poly World Trade Expo Center, Guangzhou

Invitation

Organizer units:

Guangdong Medical Device Research Institute

National Medical and Health Equipment Engineering Technology
Research Center

Shenzhen Biotech & Industry Cleaing Association

Support units:

National Association of Health Industry and Enterprise Management
Medical Technology Innovation and Development Branch

Associate sponsors:

China Medical Device Procurement Public Service Platform

Executive Organizer:

Guangzhou Lixing Exhibition Planning Co.,Ltd

Simultaneously hold exhibitions:

➤ China (Guangdong) International IVD Upstream Raw Material Manufacturing and Distribution Supply Chain Exhibition

➤ The 22nd China (Guangdong) International Medical Device Expo

About 2024 China Guangdong International Medical Manufacturing And Design Innovation Exhibition, we have brought nearly a thousand suppliers of medical design and R&D, raw materials, accessories, processing technology and manufacturing services to medical device industry, promote the optimization of medical device industry chain. we have brought nearly a thousand suppliers of medical design and R&D, raw materials, accessories, processing technology and manufacturing services to medical device industry. Different from other medical exhibitions which focuses on domestic medical equipment products and hospitals and terminal terminal groups, 2024China Guangdong International Medical Manufacturing And Design Innovation Exhibition audience comes from medical device manufacturers, including decision makers, purchasing staff, R&D engineers, product engineers and quality inspectors. They can find the parts and components needed for R&D and production, raw materials, design and manufacturing technologies and solutions at the show.

Welcome to Guangzhou !

Exhibit Category:

- R&D and Design Services
- Computing and Software
- Materials
- Adhesives and Adhesive Products
- Components
- Electronic Components
- Motors and Motion Control
- Pumps and Valves
- Filters and IV Products
- IVD

- Cleanrooms and Environmental Control·Manufacturing Equipment
- Molding Services and Equipment
- Contract Manufacturing Services
- Tubing and Extrusion
- Surface Treatment
- Pharmaceutical equipment and services
- Testing, Metrology, Inspection and Calibration Equipment & Supplies
- Printing, Labeling, and Bar Coding
- Packaging and Sterilization
- Consultants

Concurrent forum meetings

Forum on Innovation and Development of Medical Device Design and

Manufacturing Technology

High end Active Medical Equipment Core Components and Technology Forum

Plastic molding technology in the production process of medical devices

The Application of 3D Printing Materials and Technologies in the Field of Medical Devices

Precision Processing Equipment and Technology Application Forum

Forum on Technical Development and Application of New Medical Dressings

Medical Device Packaging and Sterilization Forum

Seminar on Advanced Technologies in Medical Bonding and Welding

High end automated manufacturing technology forum for medical devices

Booster for the Birth of Medical Devices - Innovative Medical Materials/Accessories and Precision Processing

Price list of exhibition services

	Foreign enterprises / USD	Remarks
Standard booth	\$4600	Booth specification: (3m × 3M) equipped with three coamings (2.5m high), company name Chinese lintel, one standard socket, two spotlights, one consultation table and two folding chairs,The booth is covered with carpet;
Luxury Exhibition	\$5600	Booth specification: (3m × 3M) including the basic configuration of standard booth, the elevation of lintel and the increase of image advertising space . The booth is covered with carpet.

Indoor vacant lot (from 36m2)	\$550/m ²	<p>1.Do not provide any exhibition equipment and facilities, which shall be arranged and decorated by the exhibitor;</p> <p>2.The special decoration management fee and electricity fee collected by the exhibition hall shall be borne by the exhibitor or its special decoration contractor,The booth is covered with carpet.</p>
